Report of Principal and School Improvement Council

Guided by the principles of Dr. Maria Montessori, East Cooper Montessori Charter School (ECMCS) offers an authentic Montessori education to elementary and middle school students in the Charleston County public school system. Located in the beautiful walking community of I'On, the school and surrounding green spaces offer unique academic opportunities and cultural diversity in the arts. Every year since its inception in 2003, ECMCS has grown to meet the increasing demand for public Montessori education. During the 2007-08 school year, ECMCS expanded its population by 56% percent to serve approximately 160 students from first through eighth grades. At the commencement of the 2007-08 school year, ECMCS moved out of mobile classrooms and into a brand new 12,000 square-foot facility.

Part of the mission of ECMCS is to provide a rigorous, Montessori education that guides children toward academic excellence and a lifelong love of learning. The school fulfills this aspect of its mission by offering a diverse curriculum that incorporates and extends district, state, and national standards and includes scientific and mathematical aptitudes, appreciation of history and timelines, literacy across disciplines, and the development of a student's humanity toward the local and global community. Montessori education is rooted in the natural curiosity of children about life and the world around them. Students develop their abilities by posing questions, designing investigations, and gaining skills necessary to express and pursue their own research interests.

The second part of the school's mission is to encourage stewardship of the greater community—not only from the students, but also from the parents, the faculty, and other community members involved with the school. This is achieved in many ways. Starting in the first grade, students devote at least 20 hours to an individual community service project called the Yearlong Peace Project. Crisis Ministries, My Sister's House, Habitat for Humanity, and the SPCA are just a few of the many organizations to which ECMCS students volunteer their time. Some students also serve the community by creating awareness of environmental concerns through activities such as recycling, beach and neighborhood clean-ups, and planting trees. Parents also generously donate their time and efforts to the school by serving on the school board and committees, helping out in the classrooms, researching community resources to support the school, and speaking at public events about the school's mission.

Some of the school's recent achievements include (1) winning a Palmetto Silver Award; (2) attaining an absolute rating of Good on the 2007 State of South Carolina report card; (3) being the beneficiary of a highly successful capital campaign that constructed the new building specifically for ECMCS; (4) securing a \$100,000 science and technology grant to improve student achievement in science; and (6) recruiting and training highly-qualified, state-certified Montessori professionals. But the school's greatest success is the breadth and depth of student achievement that has fueled the school's continued growth.
